

## Education

**Bachelor of Science in Computer Science**

University of the Philippines - Diliman

2022-2026 (Expected)

- Current GWA: 1.33/1.0 (*Magna cum laude standing*)

**Relevant Coursework:** Data Science, Data Structures and Algorithms, Computer Architecture and Organization, Linear Algebra, Elementary Numerical Computing

## Skills

**Web Development:** HTML5, CSS3 (*Tailwind*), JavaScript (*React*, *Vue*, *SvelteKit*), Netlify, Vercel, Framer, Webflow  
**Programming:** Python (*BeautifulSoup4*, *Pandas*, *Keras*, *scikit-learn*), C, Java, Coq  
**Tools:** Git, GitHub, Figma (Prototyping), Google Apps Script, Adobe Creative Suite

## Work Experience

**Engineering Intern, Panyero**

Nov - Jan 2024

- Automated the data preprocessing of over 35K documents and HTML formatting of Philippine laws and jurisprudence corpus at an MVP-stage AI startup, significantly improving the efficiency of work that was previously done manual.

## Leadership & Volunteering

**Public Relations & Promotions Manager, UP AdCore's Teenspeak 2024**

Feb 2024 - present

- Handle and oversee integrated marketing communications strategy for the premier student-run advertising case competition in the Philippines, accumulating over 300 participants and 100 ambassadors nationwide.

**Branding & Creatives Manager, UP CURSOR's Tackle 2024**

Oct - Jan 2024

- Designed the logo and brand identity for a flagship tech career expo in UP Diliman, increasing event recognizability to over 450 participants and social media organic reach by 160% from last iteration.

**Founding Media & Publicity Head, UP Innovation Leaders' Hub (UP NOVA)**

Oct - Dec 2023

- Co-founded a university-wide, student-led association that advocates for inclusive and multidisciplinary innovation—from social justice initiatives to technological breakthroughs.
- Crafted brand identity and logo that align with UP NOVA's mission of promoting innovation and diversity within a multidisciplinary framework, enhancing professional image and strategic messaging.

**Opportunities Team Head, UP CURSOR**

Feb - Jun 2023

- Systematized the workflow of finding quality opportunities (e.g. internships, hackathons, conferences, etc.) for students in the UP Diliman tech community, improving the rate of broadcasted opportunities per month by 400%.

**Overall Head, UP CURSOR's UNPLUG: Life Outside Acads**

Nov - Dec 2023

- Spearheaded a team of student volunteers using a Scrumban methodology, successfully securing over 100 participants, 4 speakers, 5 ambassadors, and 3 org partnerships within only a month from planning to executions.

## Extracurricular Achievements

**Champion & Iconic UX Design Award, Old.St Labs's Cold Start Hackathon 2023**

Sept 2023

**Prototype:** [bit.ly/4cSh4BM](https://bit.ly/4cSh4BM)

- Ideated and prototyped *Checkmate*, a dating app solution minimizing incestuous relationships in Game of Thrones.

**Champion, Google DSC - Diliman's Solutions Challenge 2023**

March 2023

**Prototype:** [bit.ly/4aR7Dkd](https://bit.ly/4aR7Dkd)

- Ideated and prototyped *Nayon*, a volunteering app solution focusing on project transparency and impact measurability.

## Projects

**CS 132 Data Science Portfolio Webpage** using *SvelteKit*, *Tailwind*

April 2024 - present

[pocari-cs132.arkimanago.com](https://pocari-cs132.arkimanago.com) | [github.com/ark1tech/CS-132](https://github.com/ark1tech/CS-132)

- Designed and developed the portfolio website for our data science project that aims to analyze PH labor struggles.

**Broughtby Landing Webpage** using *SvelteKit*, *Tailwind*

April 2024 - present

[broughtby.us](https://broughtby.us) | [github.com/ark1tech/Broughtby](https://github.com/ark1tech/Broughtby)

- Designed the brand identity and developed the landing webpage of Broughtby, a startup I'm co-founding that focuses on easing corporate transactions of student-led and youth-led organization events.

**Older Sister Wedding Info Website** using *Vue*, *Tailwind*

Feb 2024

[geandkrish.com](https://geandkrish.com) | [github.com/ark1tech/KGWedding](https://github.com/ark1tech/KGWedding)

- Designed and developed a website that guided over 100 guests about the wedding and the couple.

**Personal Webpage** using *React*, *Tailwind*

March 2023

[arkimanago.com](https://arkimanago.com) | [github.com/ark1tech/my-website](https://github.com/ark1tech/my-website)

- Designed and developed my branding and personal webpage that expresses my creativity and personality.
